

Barista

We are looking for a part time café ninja to join our team in February 2022.

No not the crime fighting, sneaky (well, maybe sneaky, it is fun to scare your co workers now and again, and surprisingly not that hard...), sword wielding, dressed all in black kind of ninja. We are looking for an outgoing independent person of action.

A champion of service, smiles & making everyone feel welcome.

Quick with the hands when it comes to serving customers, slinging coffee & washing dishes.

One who can laugh in the face of hot coffee spills.

Does not shy away from greeting & talking to strangers/customers.

Who leaps tall counters to restock the sugar.

Position schedule will be mostly 2-4 days a week, some Saturdays and casual for other weekdays.

Training will begin in February with a quick transition into regular scheduling. The main reason of this position is to fill a maternity leave vacancy, however there is potential opportunity to move into a full time and or permanent position as well.

The perfect candidate must be flexible, willing to learn, ready to work in a fast paced environment and most importantly fun!

Experience in a commercial food establishment and current food safe certification are an asset but not required.

If this sounds like a great fit for you and you are ready to be part of a fun team, send us your resume & availability.

We look forward to reading your well written, attention grabbing & spell checked/grammatically correct resume soon!

Email a copy of your resume to us or stop by the cafe (5033 50St) & talk to us today!
Coppercreekcafe@live.com

*Not an ideal student position as weekday availability is required year round.
